WORK EXPERIENCE

FULL STACK AGENTIC AI DEVELOPER **2025 - Present**

Self / Karachi

- Developed intelligent web apps using Next.js, Python, Agent SDK, and AgentKit.
- Built AI agents, managed APIs, and integrated frontend-backend workflows.
- Ensured performance, scalability, and seamless user experience.

BACKEND DEVELOPER **2024-2025**

self / Karachi

- Developed backend functionality using **Next.js** and **Python** for APIs and server-side logic.
- Integrated databases and optimized server performance for reliable data handling.

FRONTEND DEVELOPER **2023-2024**

Self / Karachi

- Built responsive UIs using **Next.js**, **React**, and **Tailwind CSS** for modern, smooth web experiences.
- Contributed to multiple projects with **UI optimization** and **cross-browser compatibility**.
- Implemented **API integrations** and wrote **clean, reusable code** in collaboration with backend teams.

EDUCATION

INTERMEDIATE from Premier College **2016 - 2019**

MATRICULATION from SM Public School **2009 - 2011**
